

City of St. Augustine

St. Augustine, Florida

Planning/Building

As of November 2, 2015, the City of St. Augustine has adopted the new wind borne debris region in the 2014 Florida Building Code. Residences and commercial properties within 1 mile of the coast line will require impact glass or non-impact glass with opening protection for all new construction and new window replacements for existing structures. Please contact the Planning and Building Department at (904) 825-1060 if you have any questions or concerns.
