SANITARY SEWER AND WATER DETAILS

INDEX

<u>Detail</u>	<u>Description</u>
SS-1	Sewer Manhole Cover and Frame
SS-2	Sanitary Sewer Type “A” Manhole – Section View
SS-3	Sanitary Sewer Type “A” Manhole – Plan View
SS-6	Sanitary Sewer Type “C” Manhole – Section View
SS-7	Sanitary Sewer Type “D” Manhole – Section View
SS-8	Sanitary Sewer Type “D” Manhole – Plan View
SS-9	Sanitary Sewer Type “E” Manhole – Section View
SS-10	Sanitary Sewer Type “F” Manhole – Section View
SS-17	Precast Sewer Manhole Joint Detail
SS-18	Typical Force Main Connection to Manhole
SS-19	Gravity Sewer Service Connection
SS-20	House Lateral Plan
SS-21	House Lateral Section
SS-23	6 Inch PVC House Lateral Connection (Over Conflict)
SS-24	6 Inch PVC House Lateral Connection (Under Conflict)
SS-25	New Connection to Existing Gravity Sewer Main
SS-56	Locate Wire Construction for Force Main
SS-57	Locate Wire Construction for Branch Force Main
SS-61	Air Release Valve for use on Force Mains
SS-62	Offset Air Release Valve for use on Force Mains
SS-25&W-30	Typical Casing Detail
SS-26&W-42	Bedding Details Class A
SS-27&W-43	Bedding Details Class B
SS-30&W-18	Valve Box & Cover Unpaved Location New Construction

DIVISION 7
STANDARD CONSTRUCTION DETAILS

NOTE: Any and all use or reproduction of CITY Standard Details shall be unchanged and in totality, including border, title block and CITY emblem, exactly as downloaded from CITY website, unless specifically requested otherwise by CITY staff.

<u>Detail</u>	<u>Description</u>
SS-31&W-16	Valve Box Cover
SS-32&W-17	Valve Box
SS-33&W-19	Valve Jacket “Adjusted”
SS-34&W-20	Valve Jacket Lowered for Milling
SS-35&W-21	Pipe Hanger Detail
SS-36&W-22	Pipe Support Saddle Assembly for Pressure Main
SS-37&W-23	Pipe Support Saddle Assembly for Pressure Main
SS-38&W-31	Mechanical Restraint Details
SS-38A&W-31A	Mechanical Restraint Details
SS-38B&W-31B	Mechanical Restraint Details
SS-39&W-32	Adjustment Over Existing Utilities – Mechanical Restraint Devices (Case A)
SS-41&W-34	Adjustment Under Existing Utilities – Mechanical Restraint Devices (Case B)
SS-42&W-35	Utility Separation Requirements
SS-44&W-37	Plugged Dead End Mechanical Restraints
SS-55&W-55	Locate Wire Box
SS-60&W-60	Air Release Valve Manhole
W-1	Water Meter Locations – 3/4” – 2” Meters
W-2A	3/4” and 1” Residential Tap and Water Service Detail
W-2B	3/4” and 1” Tap / Water Meter Set-Up with Backflow Preventer Configuration
W-2C	2” Tap and Water Meter Set-Up with Backflow Preventer Configuration
W-2D-ALT	3” or 4” Water Meter Set-Up with Backflow Preventer Configuration
W-3	Manifold Installation for Multiple Small Meters (Limit 3 Meters)
W-3A	Manifold Installation for Multiple Small Meters (Limit 6 Meters)
W-12	Fire Hydrant Installation
W-14	Hydrant Installation Limited Space

DIVISION 7
STANDARD CONSTRUCTION DETAILS

NOTE: Any and all use or reproduction of CITY Standard Details shall be unchanged and in totality, including border, title block and CITY emblem, exactly as downloaded from CITY website, unless specifically requested otherwise by CITY staff.

<u>Detail</u>	<u>Description</u>
W-15	Hydrant Sump
W-25	Temporary Sample Tap Along Pipe
W-26	Temporary Sample Tap for Stub Out
W-27	Temporary Sample Alternative Methods
W-28	Flushing Valve Below Grade
W-28A	Temporary Sample Tap in Below Grade Flushing Valve
W-48	Fire Service 4" – 10"
W-56	Locate Wire Construction for Water Main System
W-57	Locate Wire Construction for Branch Water Mains and Large Services
W-60	Manhole Detail for Air Release Valves on Water Mains
W-61	Air Release Valve for use on Water Mains
W-62	Offset Air Release Valve for use on Water Mains
LS-1	Lift Station – Duplex Pumping Station
LS-2	Lift Station – Triplex Pumping Station
LS-3	Lift Station – Electrical Panel
LS-4	Lift Station – Single Line Diagram
LS-5	Lift Station – Typical Electrical Equipment Installation
LS-6	Lift Station – Supplementary Details
LS-7	Lift Station – Emergency Generator
N-1	City of St. Augustine Water and Sewer General Notes
N-2	Storm Water Pollution Prevention Plan
N-3	City of St. Augustine Horizontal Directional Drill Construction Requirements
