RECOMMENDED MOORING BALL ATTACHMENT METHODS

Additional lines may be used, but must not be attached to any other portion of the mooring system except the pennant eyelet as shown.

Mooring Ball

Pennant

No more than 4' from eyelet to vessel.

This is our preferred method.
Two lines.
Eye-splices at the pennant, then back to the vessel.

Two lines.
Through the eyelet once, then back to the vessel.

Three lines.
Through the eyelet once, then back to the vessel.

Bow of Vessel
