Upon arriving in the vicinity of the marina, please contact the Marina Office on CH 16 or CH 71 from your VHF radio. If you do not have a radio on board, call our office at 904-825-1026.

You will be instructed as to the tie-side for your lines and fenders, and asked to standby as you prepare your lines and fenders for docking.

Once you have lines and fenders secure and ready, the marina staff will direct you to your slip. You will be met at your slip by a Marina Attendant who will assist you by catching lines and getting you securely situated at the dock. Swipe cards will be provided for access to the secured restrooms, showers, laundry, and lounge, upon registration at the Marina Office.

If timing, weather, and space allows, you are welcome to stop at the fuel dock to sign-in, register, and collect restroom/laundry keys. By taking care of these details before going to your assigned slip, it eliminates the need for you to return to the Marina Office once you are docked.
